

## Promoting Responsible Fatherhood

### Let's Fight Back!

I hail from WI and to my knowledge there is only one lawyer in the state that is versed in PAS and he is out of my court jurisdiction. I called MSW's, thinking one of them could help prove PAS. I couldn't find one person. Lawyers were totally clueless and informed me there is absolutely nothing you can do about an "xxxxx".

We need to take action. PAS is a relatively new term, few people have heard about it much less understand it's implications. However, there are people out there that are knowledgeable on PAS that can help us. We need to seek them out.

We need to create a database in which anyone that comes to us for help will get it.

I propose that everyone make a few phone calls around their area of residence for professionals in the following categories versed in PAS:

Lawyers  
Guardian Ad Litem  
Social workers ( MSW's)  
Psychologists  
Psychiatrists  
Judges  
Detectives

I would also need to know the following info on each contact you provide:

Occupation  
Name of person  
Business name they are associated with.  
Address  
Phone number

How they are versed in PAS.

In item # 6 above it is important to find out how they use PAS. I have found contacts that know about the word PAS but are really clueless. We need professionals that are actively practicing.

I will send out a form for them to sign, entitling us to use their name in our database.

Please email or write us with your results.

I know this is a lot of work but if we don't do it who will?

I would like to compile this list quarterly and send it out to our members.

Thank You
